+90 5511060889

Proactive Industrial Engineering student eager to learn and grow. Actively participates in trainings, events, and student clubs to enhance skills and stay updated on industry trends. Passionate about leadership, teamwork, and social impact, with a results-driven and adaptable mindset.

## Bachelor of Engineering: Industrial Engineering

MEF University – Istanbul, Turkey

• 2<sup>nd</sup> year student, Expected Graduation: July 2028

## Projects

**Combating Physical Violence Against Women and Girls;** As final project in the preparatory class, researched physical violence against women, focusing on the KADES mobile app. Collaborating with two team members, prepared a report in Word and created a PowerPoint presentation. The project was well received for its thorough analysis and practical recommendations.

## Experience

### ENKA İnşaat ve Sanayi A.Ş. - Quality Management Intern | (July 2025 – Present)

- Assisting in quality control processes including site inspections and technical documentation. Supporting the implementation and monitoring of ISO 9001 quality management standards. Gaining hands-on experience in tracking construction quality processes and contributing to on-site quality assurance practices.

### 100sClub – Senior Area Leader | (February 2025 – Present)

- Promoted from Campus Representative to Senior Area Leader and Board Member. Supported event planning and acted as moderator in major student summits. Conducted interviews, coordinated student engagement, and built communication between participants and partner companies. Contributed to strategic decisions and brand visibility on campus.

### MEF University - Student Affairs Office | (February 2025 – July 2025)

- Assisting students with academic and administrative processes by providing guidance and support. Helping organize office operations and student events. Contributing to the logistics and communication processes of projects managed by the Student Affairs Office.

### Freelance at Konda Araştırma ve Danışmanlık | October 2024 – November 2024)

- I engage with people to complete surveys, keep their interest alive, and gain hands-on field research experience

### DenizBank – Online Internship Program (October 2024 - November 2024)

- Took on project-based tasks in a team setting, working on data analysis and digital banking solutions. Successfully completed responsibilities in a remote environment with discipline and proactiveness.

## Skills

**Project Management & Entrepreneurship | Leadership & Teamwork | Research & Communication | Data Analysis & Technical Skills**
