Education

MEF University

İstanbul, Türkiye

Bachelor of Engineering: Major in Industrial Engineering

Expected Graduation: Jul 2028

Relevant Coursework: Manufacturing Systems, Engineering Economics, Probability and Statistics, Discrete & Combinatorial Mathematics, Operations Research, Operations and Facilities Design

Experience

Sales & Marketing Intern – Yurtiçi Kargo (Arıkanlı Holding)

Jun 2026 – Present

- Support sales and marketing operations, contributing to campaign execution and commercial reporting
- Analyze customer experience and logistics performance data to surface service improvement opportunities
- Conduct market and customer segmentation analysis to inform targeting and positioning
- Build data-driven reports that translate operational metrics into actionable process improvements

Story Harvesting & Event Experience Intern – TurkishWIN

Jan 2026 – May 2026

- Owned end-to-end content operations for large-scale community events, converting offline experiences into measurable digital outputs
- Built structured content workflows in Notion and Asana, accelerating publishing speed and cross-team alignment
- Tracked engagement metrics and iterated content formats to grow reach and interaction across marketing, operations, and community teams

Quality Management Intern – ENKA İnşaat ve Sanayi A.Ş.

Jul 2025 – Sep 2025

- Conducted **root cause analysis** on internal quality processes to resolve recurring operational issues
- Reduced recurring process issues by **25%** through **data-driven process optimization** and an HTML-based digital monitoring prototype
- Built **Excel KPI dashboards** and presented actionable recommendations to senior management
- Digitized and structured critical documentation, improving accessibility and data integrity

Senior Area Leader, Marketing & Corporate Relations – 100sClub

Feb 2025 – Dec 2025

- Promoted to Senior Area Leader and Board Member for demonstrated leadership and ownership
- Designed and executed **data-driven engagement campaigns** reaching **2,000+ students** and lifting participation by **35%**
- Led cross-functional coordination with corporate partners and sponsors to deliver summits with **300+ attendees**

Student Affairs Assistant – MEF University

Feb 2025 – Apr 2026

- Coordinated event logistics, documentation, and cross-department communication to improve service delivery

Technical & Creative Projects

Sentinel – Fraud & Phishing Intelligence Platform

Neo4j, FastAPI, Streamlit, Python

- Built an investigation platform mapping relationships between phishing domains, campaigns, organizations, and threat actors
- Integrated multiple threat-intelligence sources into a unified graph data model
- Developed risk scoring, clustering, timeline analysis, and guided investigation workflows

Rotaj – EV Charging Optimization Platform

Python, Geospatial & Mobility Data

- Developed an EV charging recommendation platform combining energy, weather, charging-station, and mobility datasets
- Designed optimization and decision-support logic to recommend efficient charging options

AI Navigation Assistant

Python, Google Maps API

- Built an AI navigation tool integrating Google Maps APIs to interpret user intent and deliver real-time route and place recommendations
- Designed decision logic from location data, live conditions, and behavioral signals

Event Management Web Application

React, Node.js, Express, MongoDB

- Built a full-stack event management platform, reducing administrative workload by **40%** through automated scheduling, registration, and reminders
- Implemented CI/CD with GitHub Actions and prepared deployment on AWS EC2 & RDS
- **GitHub:** github.com/feyzanurcesimkaya

Achievements

- **1st Place, Case Study Challenge – Slush Türkiye x Midas** – ranked 1st among 5 teams for a user-centric fintech growth concept
- **Selected Participant, Global Summit of Women 2026** – attended leadership, innovation, AI, and business sessions with international executives and industry leaders
- **Recognized on stage as one of 30 students** at the İş'te Yapay Zeka graduation ceremony among 1,600 graduates

Activities & Leadership

Speaker Team Lead & Administrative Board Member – IVY in MEF

Sep 2024 – Present

- Lead speaker outreach, communication, and scheduling with invited speakers and industry professionals
- Contribute to strategic decisions on event themes, partnerships, and student engagement initiatives

Board Member, Organization Team – Industrial Engineering Club

Board Member – TOG MEF (Community Volunteers Foundation)

Volunteer – Slush Türkiye

Oct 2025

- Collaborated with international founders, investors, and startups across a two-day entrepreneurial event

Certifications

İş'te Yapay Zeka Programı · NVIDIA Virtual Internship Experience · IBM CyberStart · Apple Search Ads Certification
